

Class name: 中上級火 Upper Intermediate Tue. - Learning Register Through Conversation 2
(Online /18:30-20:00)
Instructor: Ms. Melissa Noguchi

Just like Japanese, English has various levels of language, formality, and politeness that are appropriate in different situations. This is called register. This course will use a practical approach to look at how register is used in English. In this course we will do the following:

1. Learn about how register is different in different cultures.
2. Learn how register can be used to change the nuance of conversation.
3. Learn how English register changes depending on both the situation and the people participating in the conversation.
4. Work in groups to practice using and switching registers in scenario-based conversations.
5. Personalize the course: create space for participants to ask questions about register that are relevant to their own use of English (either personal or at work).

***It is not necessary to have participated in previous register classes**

***This class will include new information about register, so participants who have participated in the past are welcome to join this class as well.**

I hope to create a comfortable and friendly classroom environment where we can all explore and enjoy English together.
