**Course objective:** In this class, we will study basic English conversation in an interesting and fun way. Each class will centre on a familiar topic and the focus will be on building vocabulary, and conversation strategies and having students practice the new language learned in a relaxed and friendly atmosphere. Students will speak with a partner, in small groups and with the teacher. By the end of the course, I hope students will be able to sustain short conversations on a familiar topic.

**Textbook:** *None. The teacher will prepare learning material each time.*
