

Class name: 初中級水 Upper Basic Wed. ([Online](#) /18:30-20:00)

Instructor: Ms. Claire Summers

This online course will suit people who already know the basics but need to build up their confidence in speaking English. The emphasis of the class is on communication and so you will be given lots of time to use English in a friendly and relaxed atmosphere.

The majority of the class time will be taken up with group work and role-plays to ensure that you do most of the talking, but of course I will always be there to guide you.

We hope that having the course online will help those with a busy schedule and those who want to join from outside Tsukuba. You can reduce travelling time and join the class from your office or a business trip. It is also good practice for speaking English online. The course is based on a textbook titled 'Interchange 1' which covers topics such as travel, health, food, past events and future plans. You are also welcome to suggest your own topics, this is YOUR class.

Looking forward to meeting you soon!
