

Class name: 中級月 Intermediate Mon.-Easy News (Online/18:30-20:00)

Instructor: Mr. Joseph Drakos

Hello students and thank you for your interest in the “Easy News” short course. News about politics and economy can be very difficult to understand but there are news stories that beginners and upper-level beginners can learn to understand. This is the focus for this course. Students joining this course will listen to a variety of local CNN news stories which dwell on: local news, pop culture, social issues as well as other listening activities such as narratives, special interest topics and short lectures. Classes will encourage students to do the following:

1. Understand natural English
2. Understand English in a news broadcast setting or narrative setting
3. Express what they learned to their classmates, and
4. Join in a discussion about the topic

Every class will focus on 2-3 stories that will increase in level over the course. By the end of the course students will have improved their listening skills to participate in intermediate level conversations and understand more of what they hear on the television, radio and Internet.
